### Asbestos Notification

In compliance with the Federal Register, Part 763, dated October 30, 1987, Summit Academy will "ensure that workers and the building occupants or their legal guardians, are informed at least once each school year" of asbestos presence in the building.

Summit Academy has had an Asbestos Inspection and initiated a Management Plan in order to provide a safe environment. A complete copy of the Management Plan is kept at the facility for your inspection. Should you have any questions regarding this subject, please contact Renee Lindsey at 502-244-7090.
